## Independent Auditor's Report

To the Shareholders of TSFC Securities Public Company Limited

### Opinion

I have audited the accompanying financial statements of TSFC Securities Public Company Limited (the Company), which comprise the statement of financial position as at 31 December 2023, and the related statements of comprehensive income, changes in owners' equity and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of TSFC Securities Public Company Limited as at 31 December 2023, its financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

### Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Company in accordance with the *Code of Ethics for Professional Accountants including Independence Standards* issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### Key Audit Matters

Key audit matters are those matters that, in my professional judgement, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Building a better  
working world

I have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report, including in relation to these matters. Accordingly, my audit included the performance of procedures designed to respond to my assessment of the risks of material misstatement of the financial statements. The results of my audit procedures, including the procedures performed to address the matters below, provide the basis for my audit opinion on the accompanying financial statements as a whole.

Key audit matters and how audit procedures respond for each matter are described below.

### **Recognition of revenue from interest on margin loans**

The Company's revenue mainly consisted of interest on margin loans as described in Note 24 to the financial statements, which amounted to Baht 223 million for the year ended 31 December 2023, representing 88% of the Company's total revenues. Thai Financial Reporting Standard 9 Financial Instruments requires the Company to recognise revenue from interest on margin loans by applying the effective interest rate method over the expected period or shorter period if appropriate. The Company recognises interest on no credit-impaired margin loans after initial recognition on a gross basis. If the margin loans are considered credit-impaired after initial recognition, the Company recognises interest on margin loans at amortised cost. The interests are fixed rates that are adjusted periodically based on market conditions and competitive environment. Because of the size and volume of transactions, the number of customers, and the recognition of revenue from interest on margin loans relying primarily on data processed by information systems, I addressed the measurement and occurrence of interest on margin loans as key audit matter.

The audit procedures I performed were to assess and test, on a sampling basis, the Company's internal controls relevant to margin loans and recognition of interest on margin loans, including computer-based controls relevant to the calculation of interest on margin loans. I also tested, on a sampling basis, interest rates, calculation and account recording. In addition, I performed analytical procedures on interest on margin loans and examined, on a sampling basis, material manual adjustments via journal vouchers.

Building a better  
working world

### **Allowance for expected credit losses of securities business receivables**

As discussed in Note 4.10 to the financial statements, Thai Financial Reporting Standard 9 Financial Instruments requires the Company to recognise the impairment of securities business receivables in accordance with the expected credit loss model. The Company uses a general approach to determine an allowance for expected credit losses by considering the change in credit risk in three stages and determining measurement method for each stage. Expected credit losses must be measured at the amount equal to 12-month expected credit losses, except in the cases where credit risk has increased significantly since initial recognition or assets are impaired, the allowance must be measured at the amount equal to the lifetime expected credit losses of receivables. The estimation of allowance for expected credit losses is significant because the management has to make subjective judgements on the basis of the significant change in credit risk and the assumptions used in the model. The Company also has a number customers and amounts of the receivables that are significant to the Company's financial statements (as at 31 December 2023, securities business receivables amounted to Baht 2,968 million, representing 79% of the Company's total assets). Therefore, I addressed the adequacy of allowance for expected credit losses for such receivables as key audit matter.

I have performed audit procedures on the allowance for expected credit losses as follows:

- I assessed, and tested on a sampling basis, the Company's internal controls relevant to the status of receivables, the calculation of the collateral value, the reasonableness of assumptions and expected credit loss model, the stage assignment of the change in credit risk, the calculation of expected credit losses, and the recording of expected credit losses. I also assessed the methods applied by the Company to the determination and calculation of the allowance for expected credit losses compared to the Company's policies and the financial reporting standards. I tested certain controls over the computer-based controls relevant to the calculation of the fair values of collateral and the providing of collateral values of the Company.
- I examined the adequacy of allowance for expected credit losses as at the period-end date by testing the data used in the calculation of allowance for expected credit losses, testing on a sampling basis the status of outstanding receivables, the valuation of collateral items, the stage assignment of the change in credit risk, the calculation of expected credit losses, collections of receivables after the period-end date, and the calculation of allowance for expected credit losses, including the sufficiency and appropriateness of the data disclosure.

Building a better  
working world

## **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

Building a better  
working world

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

I am responsible for the audit resulting in this independent auditor's report.

## **TSFC Securities Public Company Limited**

### **Notes to financial statements**

**For the year ended 31 December 2023**

#### **1. General information**

TSFC Securities Public Company Limited (hereinafter referred to as "the Company") is a public company incorporated and domiciled in Thailand. The Company is principally engaged in securities business and has two business licenses to engage in granting credits to securities business and securities borrowing and lending business. Its registered address is located at No. 898 Ploenchit Tower, 10th Floor, Ploenchit Road, Lumpini, Patumwan, Bangkok.

#### **2. Basis of preparation**

The financial statements have been prepared in accordance with Thai Financial Reporting Standards enunciated under the Accounting Profession Act. B.E. 2547, and reference to the principles stipulated by of the Office of the Securities and Exchange Commission ("SEC"). The presentation of the financial statements has been made in compliance with the requirement of the Notification of the Office of the SEC relating to the format of the financial statements of securities companies (version 3), No. SorThor. 6/2562 dated 8 January 2019.

The financial statements in Thai language are the official statutory financial statements of the Company. The financial statements in English language have been translated from the Thai language financial statements.

The financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

#### **3. New financial reporting standards**

##### **3.1 Financial reporting standards that became effective in the current year**

During the year, the Company has adopted the revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2023. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the Company's financial statements.

### **3.2 Financial reporting standards that will become effective for fiscal years beginning on or after 1 January 2024**

The Federation of Accounting Professions issued a number of revised financial reporting standards, which are effective for fiscal years beginning on or after 1 January 2024. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The management of the Company believes that adoption of these amendments will not have any significant impact on the Company's financial statements.

## **4. Significant accounting policies**

### **4.1 Revenue and expenses recognition**

#### **a) Interest incomes**

Interest income is recognised as interest accrues based on the effective rate method.

The Company calculates interest income on financial assets, other than those considered credit-impaired, by applying the effective interest rate method to the gross carrying amount of the financial asset. When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate method to the net book value (gross carrying amount less allowance for expected credit losses) of the financial asset. If the financial asset is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

#### **b) Fees and service income**

Fees and service income are recognised when services have been rendered taken into account to the stage of completion.

#### **c) Gains (losses) and return on financial instruments**

##### ***Gain (loss) on investments and derivatives trading***

Gain (loss) on investments and trading in derivatives is recognised as income or expense on the transaction dates.

##### ***Dividend***

Dividend from investments is recognised when the right to receive the dividends is established.

#### **d) Expenses**

The Company recognises expenses on an accrual basis.

#### **4.2 Cash and cash equivalents**

Cash and cash equivalents consist of cash on hand, cash at bank, and all highly liquid investments with an original maturity of three months or less and not subject to withdrawal restrictions.

#### **4.3 Recognition of customers assets**

Cash received from customers of credit balance accounts are recorded as assets and liabilities of the Company for the internal control purposes. At the end of the reporting period, the Company excludes these amounts from both assets and liabilities and presents only the assets which belong to the Company.

#### **4.4 Securities borrowing and lending**

The Company records its obligations to return borrowed securities which it has been sold as short selling or lent as "Securities borrowing and lending payables" and securities lent to customers are recorded as "Securities borrowing and lending receivables" in the statements of financial position. At the end of the reporting period, the balance of "Securities borrowing and lending payables" and "Securities borrowing and lending receivables" are adjusted based on the closing price quoted on the Stock Exchange of Thailand of the last working day of the reporting period. In addition, the Company records cash paid as collateral for securities borrowing as "Collateral receivables" and cash received as collateral for securities lending as "Collateral payables".

Fees from borrowing and lending are recognised on an accrual basis over the term of the lending.

#### **4.5 Securities purchased under resale agreements**

The Company enters into purchase of securities under agreements to resale securities at certain dates in the future at a fixed price. Securities purchased under resale agreements presented as assets in the statements of financial position are stated at amounts paid for the purchase of those securities.

The difference between the purchase and sale considerations is recognised on an accrual basis over the period of the transaction and is included in interest income.

#### **4.6 Receivables from Clearing House and broker - dealers**

Receivables from Clearing House and broker - dealers comprise the net receivable from Thailand Clearing House (TCH) for settlement of equity securities trades made through the Stock Exchange of Thailand, and the net receivable from domestic broker in respect of securities trades settled through domestic broker, including cash collateral pledged with domestic broker for securities trading.

#### 4.7 Securities business receivables

Securities business receivables are the net balances of securities business receivables after deducting allowance for expected credit losses.

In addition, securities business receivables include customer trading transactions during the last 2 days of the accounting period, for which settlement was not yet due as at the end of reporting period, credit balance accounts, securities borrowings and lending receivables, collateral receivables (which comprise cash pledged as security with securities lenders) and other receivables such as securities receivables which are the subject of legal proceedings, are undergoing restructuring or are being settled in installments.

#### 4.8 Financial instruments

##### **Classification and measurement categories of financial assets and liabilities**

##### Financial assets - debt instruments

The Company classifies its financial assets - debt instruments measured at either amortised cost or fair value based on the business model for managing the assets and the contractual cash flow characteristic, as summarised below.

- Financial assets measured at amortised cost when they are held within a business model with the objective to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest on the principal amount outstanding. These financial assets are initially measured at fair value on trade date and are subsequently measured at amortised cost and are subject to impairment (if any).
- Financial assets measured at fair value through OCI when they are held within a business model with the objective of both hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest on the principal amount outstanding and selling financial assets. These financial assets are initially and subsequently measured at fair value. Gains and losses arising due to changes in fair value recognised in OCI. Cumulative gains or losses previously recognised in OCI will be reclassified to profit or loss in the statement of comprehensive income once sold or derecognition. Foreign exchange gains and losses, expected credit losses, and interest income using effective interest rate method are recognised in the statement of comprehensive income.
- Financial assets measured at fair value through profit or loss when they are held within a business model without the objective to collect contractual cash flows or according to the conditions in financial assets contracts, it is not solely payments of principal and interest on the principal amount outstanding. These financial assets are initially and subsequently measured at fair value. Gains and losses arising due to changes in fair value and once sold are recognised through gains and return on financial instruments.

### Financial assets - equity instruments

The Company classified its investment in equity instruments which are held for trading as financial assets measured at fair value through profit or loss.

In some cases, the Company elects to classify irrevocably its equity instruments which are not held for trading, but for strategic purpose or having high fluctuation in its price as financial assets measured at fair value through OCI. Gains and losses on these financial assets from changes in fair value will be recognised in OCI and gain and losses from selling are never recycled to profit or loss in the statement of comprehensive income, but recognised through retained earning instead. Dividends are recognised in the statement of comprehensive income, except when the Company benefits from such proceeds as a recovery of part of the cost of the instrument.

The classification is determined on an instrument-by-instrument basis.

### Financial liabilities

The Company classifies and measures its financial liabilities at amortised cost. Such financial liabilities are initially measured at fair value and subsequently measured at amortised cost. Except, securities borrowing and lending payables, and derivative (losses) are measured at fair value through profit or loss.

### **Changes in conditions of financial instruments which are not measured at fair value**

#### Financial assets

If there is a change in conditions of financial instruments and the Company estimates that cash flows of the financial assets significantly change, the former financial assets will be derecognised and reverted to be recorded at fair value. The difference of those book values is recorded in profit or loss as a part of loss on impairment.

If the cash flows of financial assets have an insignificant change, the Company adjusts gross value of the financial assets and records the adjusted amount to profit (loss) on changes in contractual term in profit or loss which is a part of loss on impairment.

#### Financial liabilities

The Company derecognises the financial liabilities if there is a change in contractual terms which causes significant changes in cash flows of the financial liabilities, and recognises the financial liabilities at fair value. The difference between book value and fair value is recorded in profit or loss.

If the cash flows of financial liabilities have an insignificant change, the Company adjusts gross value of the financial liabilities which reflects the reviewed net present value, then discounts using the former effective interest rate, and records the adjusted amount to profit or loss.

## **Derecognition**

Financial assets are primarily derecognised when the rights to receive cash flows from the asset have expired or when the Company has transferred its rights to receive cash flows from the asset and either transferred substantially all the risks and rewards of the asset. Interest derived from remaining financial asset or transferred is recognised as asset or liability.

Financial liabilities are derecognised when the obligation under the liability are discharged or cancelled or expires.

## **Write-offs**

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. Financial assets written off may still be subject to enforcement activities under the Company's recovery procedures.

## **4.9 Derivatives**

Derivative financial instruments held for trading are initially recognised at fair value on the date on which a derivative contract is entered into. The Company recognised gains (losses) from changes in the fair value of derivatives are included in profit or loss. The fair value of derivatives is based on the daily settlement price of the last working day as quoted on Thailand Futures Exchange Public Company Limited or the latest bid or offer price of the last working day as quoted on the Stock Exchange of Thailand.

In event that the fair value of derivatives cannot be determined from Thailand Futures Exchange Public Company Limited or the Stock Exchange of Thailand, because there are non-active market conditions such as low trading volume or significant fluctuations in price, the fair value is determined by using a valuation technique and model. The input to this model is derived from observable markets, and includes consideration of underlying price and volatility of the underlying asset.

#### **4.10 Allowance for expected credit losses of financial assets**

The Company recognises a loss allowance for expected credit losses on investments in debt instruments including cash equivalents, receivables from Clearing House and broker - dealers, securities business receivables, loans and investment in debt securities that are measured at amortised cost or fair value through other comprehensive income by using General Approach. Expected credit losses are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, expected credit losses are provided for credit losses that result from default events that are possible within the next 12 months.

Allowance for expected credit losses are re-measured at every end of reporting period in order to reflect the change in credit risk from those have been initially recognised of related financial instruments.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by present observable and supportable and reasonable forward-looking information. As for the exposure at default, for financial assets, this is represented by the asset's gross carrying amount at the reporting date. The Company continuously reviews and revisits the methods used, assumptions and forward-looking information.

For credit balance accounts, the allowance is set up based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors and general economic conditions assessment/forward-looking. In considering whether there has been a significant increase in credit risk since initial recognition, it is based on outstanding status of the debtors, required maintaining of collateral, high credit-risk debtors with a high attention by the Company's management, and the default.

Increase (decrease) of allowance for expected credit losses is recorded as expenses during the year in the statement of comprehensive income.

#### **4.11 Equipment and depreciation**

Equipment is stated at cost less accumulated depreciation. Depreciation is provided for all equipment using the straight-line basis over the estimated useful lives as follows:

Leasehold improvement	5 - 6 years
Office equipment	5 years
Furniture and fixtures	5 years

Depreciation is included in determining income.

Expenditures for additions, renewals and betterments, which result in a substantial increase in an asset's current replacement value, are capitalised. Repair and maintenance costs are recognised as an expense when incurred.

#### **4.12 Intangible assets and amortisation**

Intangible assets are stated at cost less accumulated amortisation and any accumulated impairment losses (if any).

Intangible assets with finite lives are amortised on the straight-line basis over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at each financial year end. The amortisation expense is charged to profit or loss.

Intangible assets with finite lives are as follows:

Computer software	5 years
-------------------	---------

#### **4.13 Impairment of non-financial assets**

At the end of each reporting period, the Company performs impairment reviews in respect of the equipment and intangible assets whenever events or changes in circumstances indicate that an asset may be impaired. An impairment loss is recognised when the recoverable amount of an asset, which is the higher of the asset's fair value less costs to sell and its value in use, is less than the carrying amount.

An impairment loss is recognised in profit or loss.

#### **4.14 Payables to Clearing House and broker - dealers**

Payables to Clearing House and broker - dealers comprise the net payable to Thailand Clearing House (TCH) for settlement of equity securities trades made through the Stock Exchange of Thailand, and the net payable to domestic broker in respect of securities trades settled through domestic broker.

#### **4.15 Securities business payables**

Securities business payables are the obligations of the Company in respect of its securities business with outside parties, such as customer trading transactions during the last 2 days of the accounting period, for which settlement was not yet due as at the end of reporting period, securities delivery obligations as a result of securities borrowing, and obligations to return assets held by the Company as collateral for securities lending.

#### **4.16 Employee benefits**

##### ***Short-term employee benefits***

Salaries, wages, bonuses and contributions to the social security fund are recognised as expenses when incurred.

##### ***Post-employment benefits***

###### *Defined contribution plans*

The Company and its employees have jointly established a provident fund. The fund is monthly contributed by employees and by the Company. The fund's assets are held in a separate trust fund and the Company's contributions are recognised as expenses when incurred.

###### *Defined benefit plans*

The Company has obligations in respect of the severance payments it must make to employees upon retirement under labor law. The Company treats these severance payment obligations as a defined benefit plan.

The obligation under the defined benefit plan is determined by a professionally qualified independent actuary based on actuarial techniques, using the projected unit credit method.

Actuarial gains and losses arising from post-employment benefits are recognised immediately in other comprehensive income.

Past service costs are recognised in profit or loss on the earlier of the date of the plan amendment or curtailment and the date that the Company recognises restructuring-related costs.

#### **4.17 Provisions**

Provisions are recognised when the Company has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

#### **4.18 Income tax**

Income tax expense represents the sum of corporate income tax currently payable and deferred tax.

##### **Current tax**

Current income tax is provided in the accounts at the amount expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

##### **Deferred tax**

Deferred income tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the end of each reporting period, using the tax rates enacted at the end of the reporting period.

The Company recognises deferred tax liabilities for all taxable temporary differences while it recognises deferred tax assets for all deductible temporary differences and tax losses carried forward to the extent that it is probable that future taxable profit will be available against which such deductible temporary differences and tax losses carried forward can be utilised.

At each reporting date, the Company reviews and reduces the carrying amount of deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

The Company records deferred tax directly to owners' equity if the tax relates to items that are recorded directly to owners' equity.

#### **4.19 Related party transactions**

Related parties comprise individuals or enterprises and individuals that control, or are controlled by, the Company, whether directly or indirectly, or which are under common control with the Company.

They also include associated companies and individuals or enterprises which directly or indirectly own a voting interest in the Company that gives them significant influence over the Company, key management personnel, directors, and officers with authority in the planning and direction of the Company's operations.

#### **4.20 Leases**

The Company assesses whether a contract is or contains a lease, at inception of the contract. A contract contains a lease on the basis of whether the customer has the right to control the use of an identified asset for a period of time in exchange for consideration.

## **The Company as a lessee**

The Company applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. At the commencement date of the lease (i.e. the date the underlying asset is available for use), the Company recognises right-of-use assets representing the right to use underlying assets and lease liabilities based on lease payments.

### ***Right-of-use assets***

The Company recognises right-of-use assets at the commencement date (the date that underlying assets are available to use). They are subsequently measured at cost less accumulated depreciation and impairment losses (if any), adjusted with any remeasurement of corresponding lease liabilities.

Depreciation of right-of-use assets is calculated from their costs. Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset, as follows.

Leasehold improvement	5 years
Motor vehicles	5 years

If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Company expects to exercise a purchase option, the related right-of-use is depreciated over the useful life of the underlying asset.

### ***Lease liabilities***

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of the lease payments to be made over the lease term, discounted by the interest rate implicit in the lease or the Company's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification or reassessment.

### ***Short-term leases and Leases of low-value assets***

Payments under leases that, have a lease term of 12 months or less at the commencement date, or are leases of low-value assets, are recognised as expenses on a straight-line basis over the lease term.

### **The Company as a lessor**

A lease that transfers substantially all the risks and rewards incidental to ownership of an underlying asset to a lessee is classified as finance leases. As at the commencement date, an asset held under a finance lease is recognised as a receivable at an amount equal to the net investment in the lease or the present value of the lease payments receivable and any unguaranteed residual value. Subsequently, finance income is recognised over the lease term to reflect a constant periodic rate of return on the net investment in the lease.

#### **4.21 Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyer and seller (market participants) at the measurement date. The Company applies a quoted market price in an active market to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards. Except in case of no active market of an identical asset or liability or when a quoted market price is not available, the Company measures fair value using valuation technique that are appropriate in the circumstances and maximises the use of relevant observable inputs related to assets and liabilities that are required to be measured at fair value.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into three levels based on categorise of input to be used in fair value measurement as follows:

- Level 1 - Use of quoted market prices in an observable active market for such assets or liabilities
- Level 2 - Use of other observable inputs for such assets or liabilities, whether directly or indirectly
- Level 3 - Use of unobservable inputs such as estimates of future cash flows

At the end of each reporting period, the Company determines whether transfers have occurred between levels within the fair value hierarchy for assets and liabilities held at the end of the reporting period that are measured at fair value on a recurring basis.

#### **5. Significant accounting judgements and estimates**

The preparation of financial statements in conformity with financial reporting standards at times requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures; and actual results could differ from these estimates. Significant judgements and estimates are as follows:

### ***Recognition and derecognition of assets and liabilities***

In considering whether to recognise or to derecognise assets or liabilities, the management is required to make judgement on whether significant risk and rewards of those assets or liabilities have been transferred, based on their best knowledge of the current events and arrangements.

### ***Allowances for expected credit losses of financial assets***

The management is required to make judgement on estimation of allowance for expected credit losses of financial assets. The calculation of allowance for expected credit losses is according to the condition in considering the increase of credit risk, credit risk model, the risk for the call of the securities used as collateral, debtor's status analysis either by individual or group basis, probability of the return, and the selection of the information relating to expected economic conditions into the model. However, using different estimates and assumptions might affect the amount of allowance for expected credit losses. As a result, there is a possibility to have an adjustment of allowance for expected credit losses in the future.

## **6. Cash and cash equivalents**

	(Unit: Thousand Baht)	
	2023	2022
Cash	30	30
Saving and current deposits	22,079	18,562
Less: Deposits for customers' account	(18,241)	(14,230)
Total cash and cash equivalents	<u>3,868</u>	<u>4,362</u>

### **Supplemental cash flows information**

	(Unit: Thousand Baht)	
	2023	2022
Non-cash items		
Loss on investments in debt instruments designated at fair value through other comprehensive income	(6)	(60)
Loss on investments in equity instruments designated at fair value through other comprehensive income	(1)	(1)
Actuarial gains on defined benefit plan	2,317	-

## 7. Securities business receivables

(Unit: Thousand Baht)

	2023	2022
Customers' accounts - credit balance	2,945,941	3,759,510
Other receivables	36,232	30,914
<b>Total</b>	<b>2,982,173</b>	<b>3,790,424</b>
Add: Accrued interest income	146	140
Less: Allowance for expected credit losses	(14,817)	(7,696)
<b>Securities business receivables</b>	<b>2,967,502</b>	<b>3,782,868</b>

As at 31 December 2023 and 2022, the Company has classified securities business receivables in accordance with TFRS 9 / the relevant notification issued by the Office of the Securities and Exchange Commission. The classification is as follows:

(Unit: Million Baht)

	2023			2022		
	Receivables amount to be considered	Securities setting up of business allowance for receivables and accrued interest	Allowance for expected credit losses	Receivables amount to be considered	Securities setting up of business allowance for receivables and accrued interest	Allowance for expected credit losses
Performing debts	2,884	2,884	1	3,695	3,695	1
Under-performing debts	84	84	-	89	89	-
Credit impaired debts	14	14	14	7	7	7
<b>Total</b>	<b>2,982</b>	<b>2,982</b>	<b>15</b>	<b>3,791</b>	<b>3,791</b>	<b>8</b>

## 8. Investments

		Not over 1 year	1 - 5 years Total		Not over 1 year	1 - 5 years Total		
Promissory notes	1.80 - 3.85	1,315,000	-	1,315,000	1.00 - 2.75	1,245,000	-	1,245,000
Bills of exchange	3.40 - 3.60	74,468	-	74,468	2.50 - 2.75	308,120	-	308,120
Short-term loan	3.70	300,000	-	300,000	2.75	300,000	-	300,000
Total borrowings from financial institutions		1,689,468	-	1,689,468		1,853,120	-	1,853,120

The borrowings from financial institutions are unsecured loans.

The loan agreements contain covenants that, among other things, require the Company to maintain net capital ratios in the agreements.

## 16. Debt issued and borrowings

(Unit: Thousand Baht)

	2023				2022			
	Interest rate (% per annum)	Due period			Interest rate (% per annum)	Due period		
		Not over 1 year	1 - 5 years	Total		Not over 1 year	1 - 5 years	Total
Bills of exchange	-	-	-	-	3.00	641,688	-	641,688
Debenture	3.12	90,000	-	90,000	-	-	-	-
<b>Total</b>		<b>90,000</b>	<b>-</b>	<b>90,000</b>		<b>641,688</b>	<b>-</b>	<b>641,688</b>

Debt issued and borrowings are unsecured loans.

## 17. Lease liabilities

(Unit: Thousand Baht)

	2023	2022
Lease liabilities	8,147	18,523
Less: Deferred interest expenses	(585)	(804)
<b>Total</b>	<b>7,562</b>	<b>17,719</b>
Less: Current portion of lease liabilities	(5,549)	(8,288)
<b>Lease liabilities, net of current portion</b>	<b>2,013</b>	<b>9,431</b>

The Company has entered into lease agreements for rental of office area and motor vehicles for use in its operation, whereby it is committed to pay rental on a monthly basis. The terms of the agreements are generally between 3 years and 5 years.

Movement of the lease liabilities account during the years ended 31 December 2023 and 2022 are summarised below:

(Unit: Thousand Baht)

	2023	2022
Balance - beginning of the year	17,719	25,947
Additions	2,210	-
Accretion of interest	713	917
Repayments	(9,235)	(9,192)
Increase (decrease) from lease modification	(3,845)	47
<b>Balance - end of the year</b>	<b>7,562</b>	<b>17,719</b>

A maturity analysis of lease payments is disclosed in Note 33.1 under liquidity risk.

Expenses relating to leases recognised in profit or loss are as follows:

	(Unit: Thousand Baht)	
	2023	2022
Depreciation expense of right-of-use assets	9,545	7,850
Interest expense on lease liabilities	713	917
Expense relating to short-term leases	126	126
Expense relating to leases of low-value assets	73	84
<b>Total</b>	<b>10,457</b>	<b>8,977</b>

The Company had total cash outflows for leases for the year ended 31 December 2023 of Baht 8.9 million (2022: Baht 8.3 million).

## 18. Provisions

	(Unit: Thousand Baht)	
	2023	2022
Provision for long-term employee benefits	22,811	21,996
Provision for dismantling costs	2,919	2,772
<b>Total</b>	<b>25,730</b>	<b>24,768</b>

### Provision for long-term employee benefits

Provision for long-term employee benefits presented as provisions in the statements of financial position, which from compensation payable to employees after they retire, was as follows:

	(Unit: Thousand Baht)	
	2023	2022
<b>Provision for long-term employee benefits at beginning of year</b>	21,996	21,490
Included in profit or loss:		
Current service cost	2,830	2,138
Interest cost	302	264
Included in other comprehensive income:		
Actuarial (gain) loss arising from		
Demographic assumptions changes	107	-
Financial assumptions changes	(849)	-
Experience adjustments	(1,575)	-
Benefits paid during the year	-	(1,896)
<b>Provision for long-term employee benefits at end of year</b>	<b>22,811</b>	<b>21,996</b>

The Company recognised these expenses in employee benefits expenses in the profit or loss.

As at 31 December 2023, the Company expected to no payment of long-term employee benefits during the next year (2022: Nil).

As at 31 December 2023, the weighted average duration of the liabilities for long-term employee benefit is 7 years (2022: 8 years).

Significant actuarial assumptions are summarised below:

(Unit: % per annum)

	2023	2022
Discount rate	2.79	1.23
Salary increase rate	5.00	4.00
Turnover rate	0.00 - 7.00	0.00 - 11.00

The result of sensitivity analysis for significant assumptions that affect the present value of the long-term employee benefit obligation as at 31 December 2023 and 2022 are summarised below:

2023				
	Increase	Effect to provision for long-term employee benefits	Decrease	Effect to provision for long-term employee benefits
	(%)	(Thousand Baht)	(%)	(Thousand Baht)
Discount rate	1	(1,435)	1	1,612
Salary increase rate	1	1,621	1	(1,472)
Turnover rate	1	(1,467)	1	869
2022				
	Increase	Effect to provision for long-term employee benefits	Decrease	Effect to provision for long-term employee benefits
	(%)	(Thousand Baht)	(%)	(Thousand Baht)
Discount rate	1	(1,510)	1	1,690
Salary increase rate	1	2,241	1	(2,018)
Turnover rate	1	(1,580)	1	923

## 19. Other liabilities

(Unit: Thousand Baht)

	2023	2022
Interest payable	677	236
Accrued expenses	11,612	13,352
Withholding tax payable	466	723
Specific business tax payable	540	586
Other payables	1,535	1,863
Others	5	528
Total other liabilities	14,835	17,288

## 20. Share capital

	2023		2022	
	Number of shares	Amount	Number of shares	Amount
	(Thousand shares)	(Thousand Baht)	(Thousand shares)	(Thousand Baht)
Registered share capital				
(Par value at Baht 10 each)	154,913	1,549,126	154,913	1,549,126
Issued and paid-up share capital				
(Par value at Baht 10 each)	154,913	1,549,126	154,913	1,549,126

## 21. Statutory reserve

Pursuant to Section 116 of the Public Limited Companies Act B.E. 2535, the Company is required to set aside to a statutory reserve at least 5% of its net profit after deducting accumulated deficit brought forward (if any), until the reserve reaches 10% of the registered capital. The statutory reserve is not available for dividend distribution.

## 22. Dividends

Dividend	Approved by	Total dividend	Dividend per share
		(Thousand Baht)	(Baht)
Dividend for the year 2021	Annual General Meeting of the shareholders on 20 April 2022	51,121	0.33
Total for 2022		51,121	0.33

Dividend	Approved by	Total dividend (Thousand Baht)	Dividend per share (Baht)
Dividend for the year 2022	Annual General Meeting of the shareholders on 20 April 2023	46,474	0.30
Total for 2023		<u>46,474</u>	<u>0.30</u>

### 23. Fees and service income

(Unit: Thousand Baht)

	2023	2022
Front end fee income	6	115
Other income	73	231
Total	<u>79</u>	<u>346</u>

### 24. Interest incomes

(Unit: Thousand Baht)

	2023	2022
Interest income on margin loans	223,457	223,132
Interest income on investments	25,530	29,131
Others	4,440	2,949
Total	<u>253,427</u>	<u>255,212</u>

### 25. Losses and return on financial instruments

(Unit: Thousand Baht)

	2023	2022
Loss on investment designated at fair value	(15)	(21)
Dividend income	1	1
Total	<u>(14)</u>	<u>(20)</u>

### 26. Expected credit losses

(Unit: Thousand Baht)

	2023	2022
Securities business receivables	7,121	159
Total	<u>7,121</u>	<u>159</u>

## 27. Directors and management's benefits

During the year, the Company had salaries, bonuses, meeting allowances, post-employee benefits, gratuities of its directors and management, which were as follows:

	(Unit: Thousand Baht)	
	2023	2022
Short-term employee benefits	33,300	29,123
Post-employment benefits	3,744	3,409
<b>Total</b>	<b>37,044</b>	<b>32,532</b>

## 28. Provident fund

The Company and its employees have jointly established a provident fund in accordance with the Provident Fund Act B.E. 2530. The fund is monthly contributed to by employees, at the rate which is not less than 2% of their basic salaries but not more than the amount contributed by the Company, and by the Company at the rates of 3% to 10% of basic salaries. It will be paid to employees upon termination in accordance with the rules of the fund. The fund is managed by BBL Asset Management Company Limited and Principle Asset Management Limited. The contributions for the year 2023 amounting to approximately Baht 3.4 million (2022: Baht 3.2 million) were recognised as expenses.

## 29. Income tax

Income tax expenses for the years ended 31 December 2023 and 2022 are made up as follows:

	(Unit: Thousand Baht)	
	2023	2022
<b>Current income tax:</b>		
Current income tax charge	14,843	20,142
<b>Deferred tax:</b>		
Relating to origination and reversal of temporary differences	(407)	62
<b>Income tax expenses reported in profit or loss</b>	<b>14,436</b>	<b>20,204</b>

The amounts of income tax relating to each component of other comprehensive income for the years ended 31 December 2023 and 2022 are as follows:

	(Unit: Thousand Baht)	
	2023	2022
Deferred tax relating to		
Loss on investments in debt instruments designated at fair value through other comprehensive income	1	12
Actuarial gains	(463)	-
Total	(462)	12

The reconciliation between accounting profit and income tax expenses is shown below.

	(Unit: Thousand Baht)	
	2023	2022
Accounting profit before tax	71,302	100,823
Applicable tax rate	20%	20%
Accounting profit before tax multiplied by income tax rate	14,260	20,165
Effects of:		
Non-deductible expenses	206	56
Additional expense deductions allowed	(30)	(17)
Income tax expenses reported in profit or loss	14,436	20,204

The components of deferred tax assets and deferred tax liabilities are as follows:

	(Unit: Thousand Baht)	
	2023	2022
<b>Deferred tax assets</b>		
Unrealised loss from revaluation of investments	20	18
Accumulated amortisation - computer software	489	705
Provision for long-term employee benefits	4,562	4,400
Lease liabilities	1,512	3,544
Provision for dismantling costs	584	554
Total	7,167	9,221
<b>Deferred tax liabilities</b>		
Right-of-use assets	1,704	3,703
Total	1,704	3,703
<b>Deferred tax assets - net</b>	5,463	5,518

### 30. Earnings per share

Basic earnings per share is calculated by dividing profit for the year attributable to equity holders of the Company (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the year.

### 31. Commitments

#### 31.1 Capital commitments

As at 31 December 2023, the Company had capital commitments of approximately Baht 1.59 million (2022: Baht 0.35 million), relating to the acquisition of computer software.

#### 31.2 Commitments related to service agreements and leases of low-value assets/Operating leases

As at 31 December 2023 and 2022, the Company had commitments from several service agreements and lease agreements of low-value assets in respect of the lease of equipment. The terms of the agreements are generally between 1 year and 5 years. Future minimum payments required were as follows:

	(Unit: Million Baht)	
	2023	2022
Payable:		
In up to 1 year	3.4	4.1
Between 2 years and 5 years	0.4	-

### 32. Segment information

The Company is principally engaged in the granting credits to securities business. Its operations are carried on only in Thailand. Segment performance is measured based on operating profit or loss, on a basis consistent with that used to measure operating profit or loss in the financial statements. As a result, all of the revenues, operating profits and assets as reflected in these financial statements pertain to the aforementioned reportable operating segment and geographical area.

### **33. Financial instruments**

#### **33.1 Financial risk management**

The Company's financial instruments principally comprise cash and cash equivalents, receivables from Clearing House and broker - dealers, securities business receivables, investments, loans, borrowings from financial institutions, debt issued and borrowings, lease liabilities, payables from Clearing House, and securities business payables. The Company has financial risks associated with these financial instruments and how they are managed is described below.

##### ***Credit risk***

The Company is exposed to credit risk primarily with respect to receivables from Clearing House and broker - dealers, securities business receivables, investments in debt securities and loans. The Company manages the risk by adopting appropriate credit control policies and procedures and therefore does not expect to incur material financial losses. In addition, the Company does not have high concentration of credit risk since it has a large customer.

The investment in debt instruments is determined on the basis of the firm financial status of issuing institutions and their instruments being rated at acceptable rating by the reputable credit rating agencies.

The maximum exposure to credit risk is limited to the carrying amounts of receivables from Clearing House and broker - dealers, securities business receivables, investments in debt securities and loans less allowance for losses as stated in the statements of financial position.

##### ***Interest rate risk***

The Company's exposure to interest rate risk relates primarily to its cash at banks, securities business receivables, investments in debt securities, loans, borrowings from financial institutions, debt issued and borrowings, and lease liabilities. However, since most of the Company's financial assets and liabilities bear floating interest rates or fixed interest rates which are close to the market rate, the interest rate risk is expected to be minimal.

Significant financial assets and liabilities as at 31 December 2023 and 2022 classified by type of interest rates are summarised in the table below, with those financial assets and liabilities that carry fixed interest rates further classified based on the maturity date, or the repricing date if this occurs before the maturity date.

(Unit: Million Baht)

2023

	Outstanding balances of financial instruments							Interest rate (% per annum)
	Floating interest rate	Repricing or maturity dates				No interest	Total	
		At call	Within 1 year	1 - 5 years	Over 5 years			
<b>Financial assets</b>

### 33.2 Fair values of financial instruments

The methods and assumptions used by the Company in estimating the fair value of financial instruments are as follows:

- a) For financial assets and liabilities which have short-term maturity, including cash and cash equivalents, receivables from Clearing House and broker - dealers, securities business receivables, loans, borrowings from financial institutions, debt issued and borrowings, payables from Clearing House and securities business payables, their carrying amounts in the statements of financial position approximate their fair values.
- b) For debt securities, their fair values are generally derived from quoted market prices, or determined by using the yield curve as announced by the Thai Bond Market Association or by other relevant bodies.
- c) For marketable equity securities, their fair values are generally derived from quoted market prices.
- d) For other derivatives, their fair values have been determined by using a valuation model technique. Most of the inputs used for the valuation are observable in the relevant market. The Company had considered to counterparty credit risk when determining the fair value of derivatives.
- e) For lease liabilities which their interest rates are close to the market rate, their carrying amounts in the statements of financial position approximate their fair values.

During the current year, there were no transfers within the fair value hierarchy.

### 34. Fair value hierarchy

As of 31 December 2023 and 2022, the Company had the following assets that were measured at fair value using different levels of inputs as follows:

(Unit: Thousand Baht)

	As at 31 December 2023				
	Book value	Fair value			
		Level 1	Level 2	Level 3	Total
<b>Financial assets measured at fair value</b>					
Non-collateralised investments <sup>(1)</sup>	129,568	-	128,918	650	129,568
Collateralised investments	98,845	-	98,845	-	98,845

<sup>(1)</sup> Included government securities for customers' account amounting to Baht 50 million.

(Unit: Thousand Baht)

As at 31 December 2022

	Book value	Fair value			Total
		Level 1	Level 2	Level 3	
<b>Financial assets measured at fair value</b>					
Non-collateralised investments <sup>(1)</sup>	72,546	-	71,895	651	72,546
Collateralised investments	97,912	-	97,912	-	97,912

<sup>(1)</sup> Included government securities for customers' account amounting to Baht 56 million.

### 35. Capital management

The primary objectives of the Company's capital management is to ensure that it has an appropriate financial structure, to preserve the ability to continue its business as a going concern and to maintain net capital in accordance with the rules laid down by the Office of the Securities and Exchange Commission.

### 36. Event after the reporting period

On 22 February 2024, a meeting of the Company's Board of Directors passed a resolution to propose to the Annual General Meeting of the Company's shareholders for the year 2024 for approval a dividend payment, from profit for the year 2023, to the shareholders of the Company's for 154.9 million ordinary shares, at a rate of Baht 0.21 per share, or a total of Baht 32.53 million, to be paid on 20 May 2024.

### 37. Approval of financial statements

These financial statements were authorised for issue by the Company's Board of Directors on 22 February 2024.
